# EXPLORE EUROPE

## ERASMUS+ PEER-LEARNING WEBINARS

Would you like to secure funds for your teachers, staff, and pupils for international experiences?

Do you plan to share experiences and gather knowledge from schools and teachers from other countries?

Are you familiar with Erasmus+ funds, but haven't tried applying for them yet?

Have you applied, but would like to deepen your knowledge and share your experiences?

We at the European Council for Steiner Waldorf Education can give you advice, share experiences, and answer your questions about European funds.

All three webinars will give you the opportunity to contribute with your experience, to ask questions, and discuss with your peers.

The webinars will be led by Márta Domokos, experienced project writer in the field of education, and assessment expert in the field of youth.

For more information contact her on [marti.domokos@ecswe.eu](mailto:marti.domokos@ecswe.eu).
