# EXPLORE EUROPE

## ERASMUS+ PEER-LEARNING WEBINARS

Would you like to secure funds for your teachers, staff, and pupils for international experiences? Do you plan to exchange experiences and knowledge with schools from other countries? You familiar with Erasmus+ funds, but haven't tried applying for them yet? Or you applied, but would like to deepen your knowledge and share your experiences?

At the European Council for Steiner Waldorf Education can give you advice, share experiences, and answer your questions about European funds. The webinars are led by Márta Domokos, experienced project writer in the field of education, and assessment expert in the field of youth.

This time, we will look deeper into how to acquire a quality label for your school. Once having this label, you will have a simply access to funds for long- and short-term, individual and group mobilities for your pupils and staff.

For more information contact her on [marti.domokos@ecswe.eu](mailto:marti.domokos@ecswe.eu).
